

Stapling Tab
Second Side
First Side

a stapling tab extending along an edge of said backing sheet, said stapling tab having

a first portion of said second side positioned against a second portion of said second side; and

a tacky substance bonding said first portion of said second side and said second portion of said second side.

12. (Once Amended) The backing sheet according to Claim 11, wherein said stapling tab comprises:

Backing Sheet
Fold C1

a first fold extending along an edge of said backing sheet, said first fold having a first portion of said first side bonded to a second portion of said first side by said adherent material; and

Fold C2

a second fold extending along the edge of said backing sheet contiguous with said first fold, said second fold having the first portion of said second side positioned against the second portion of said second side.
